“Nothing can prepare you for the sound that comes out of his mouth when he sings—or bellows—his stellar songwriting. It is a soulful power beyond belief.”

- *Paste*

“He opens his mouth and his voice knocks your brain into the back of your skull.”

- *Onion A.V. Club*

“Somewhere between Otis Redding’s soul shout and Cat Power’s swampy poeticism...one of the greatest, most thoughtful lyricists the state has to offer. Certainly one of the most respected songsmiths around. Adam Faucett manages to get under your ribs effortlessly.”

- *Arkansas Times*

“Faucett proceeds to batter your defenses and pull you into a world that’s part folk, part blues, part elemental rock stomp, part unidentifiable cosmic holler.”

- *Arkansas Democrat-Gazette*
